

# Ichen Art Academy - Fremont Campus

## 2019 Summer Program

### For Middle/High School Students

---

Ichen Art Academy will be hosting an ongoing series of **College Portfolio Boot Camps** and **workshops** this summer for middle and high school students. These classes are not offered regularly at our normal school time, but **only in summer**.

### **AP Portfolio Boot Camp + Open Studio**

Open studio is a program that encompasses all mediums - charcoal, drawing and sketch, and oil painting. In addition to this program, students can choose to build their AP portfolio and college admission portfolio during this session.

### **Workshops for Middle/High School Students (Age 11-18)**

#### **Oil Painting Workshop (Beginner, Intermediate, and Advanced)**

This oil painting workshop will help beginners to learn the application of color theory, composition, and foundational and techniques onto students' artwork. For students with prior knowledge will learn advanced technique and composition including portraits, landscapes, and animals.

#### **Figure/ Portrait Drawing Workshop**

The workshop will help students make competent drawings of portraits and figures. Step by step demo by instructor will help students understand structure of face and gesture. Students will improve their drawing skills through the workshop.

#### **Cityscape/ Landscape Workshop**

This workshop is for students who have basic knowledge of the oil painting. Students will improve their oil/acrylic painting skills by following teacher's demo and instructions.

#### **Watercolor Workshop (Beginner, Intermediate and Advanced)**

Students without any watercolor experience will learn various tips and techniques of watercolor. For advanced students will learn flowers/ landscape/animals or portraits.

#### **Digital Drawing & Painting Workshop (Beginner, Intermediate and Advanced)**

The beginner level curriculum will cover the basics of Photoshop and using a digital tablet. In the intermediate and advanced level workshops, students will take on digital art assignments that reflect industry level standards and techniques.

#### **Chinese Painting Workshop for Beginners**

Students will learn all basic techniques of Chinese painting. In a week, students will learn how to paint crab, flowers, panda, bamboo and gold fish. This class will be taught by Ichen Wu, founder of Ichen Art Academy.

### **Game/ Cartoon Character Design**

Students will learn how to design motion and figures of game and cartoon.

### **Comic Book Workshop**

Students will adopt a comprehensive outlook of the world of sequential art and comic books.

### **3D Sculpture and Modeling**

Students will design a character and translate it to 3D form with sculpey clay. Understanding 3D form will help students to draw and paint better in any 2D work.

### **Scratch Art and Printmaking**

Scratch board is an introductory form of engraving. Hatching and crosshatching techniques will be introduced. Linocut is a subtractive form of printmaking. Students will learn to work with the positive and negative space in their artwork.
