

Ichen Art Academy: 2022 Summer Art Camps-Ages 5-9

Fremont Campus Project Outline

Week 2	6/13-6/17	<u>Harry Potter</u> <ol style="list-style-type: none">1. <u>Sorting Hat Sculpture</u>- Sculpture made of paper mache, collage materials and paint2. <u>Magic Wands</u>-Using chopsticks or dowels, as well as glue, string, paint, and glitter to create fantastical custom wands.3. <u>Hogwarts Castle</u>- A multi-layered painting and crafted scene of Hogwarts castle.4. <u>Mandrake Root</u>-A stuffed creature made from paper, cotton balls, felt, and other materials.5. <u>House-Ties</u>-Students get to make house-ties out of construction paper for Gryffindor, Ravenclaw, Hufflepuff, and Slytherin6. <u>Hagrid Origami</u>- Construction Paper-made heads of beloved Hagrid that can also be book-marks7. <u>Prophecy Ball</u>-Using plastic ornament spheres, students use cotton balls, colored water, and sparkles to create a type of crystal ball. Potentially use air dry clay and paint to create a base for the sphere.	<u>Island Explorer</u> <ol style="list-style-type: none">1. <u>Volcano Island Diorama</u>-Paper mache, collage materials, and paint to create a volcanic island.2. <u>Island Sunset</u>- Acrylic painting of a serene beach sunset.3. <u>Tiki Tower</u>-Tiki's made from various paper, sharpie, pastel, tape and staples to create a 3-d tiki tower.4. <u>Polynesian Turtle Design</u>-A symmetry-project using Polynesian design motifs to create a stunning sea turtle.5. <u>Palm Tree</u>-Using paper product rolls, paper plates, construction paper, and various craft supplies, students create a relaxing beach-front scene.6. <u>Super Surfboards</u>-Using foam-core and neon paint, students cut out and paint radical designs on their surfboards.7. <u>Paper Pineapple</u>-Using construction paper, glitter, glue, and ribbon, students make a 3-D pineapple.
Week 3	6/20-6/24	<u>Star Wars</u> <ol style="list-style-type: none">1. <u>Spaceship Star Fight</u>-Using black construction paper and acrylic paint, students create stars and nebula from splattering technique, then create a spacecraft on separate paper to assemble together later.2. <u>Lunchbag Grogu Puppets</u>-Paper bags, construction paper, glue, and marker/sharpie are used to create "baby Yoda."3. <u>Mandalorian</u>- Students learn to draw and color the Mandalorian through step-by-Step instruction.4. <u>Darth Vader Masks</u>-Construction Paper, glue, tape, elastic string, white crayon, and scissors are used to make masks.5. <u>Lightsabers</u>- using recycled materials such as cardboard tubes from wrapping paper, and a touch of paint, kids make their own lightsabers.6. <u>Deathstar</u>-Using watercolor paper, white crayon, and watercolor, kids get to make a big detailed deathstar.7. <u>Ashoka Drawing</u>-Kids get to learn to draw powerful Jedi Ashoka, and color her using colored pencils.	<u>Holiday Fiesta</u> <ol style="list-style-type: none">1. <u>Paper Rosette Señoritas</u>- Traditional Mexican-dressed women are made from decorated paper are made into accordion-fans.2. <u>Mexican Folk Art Hearts</u>- Construction paper, acrylic paint, scissors, glue, and more to create folk art hearts in a mexican tradition.3. <u>Oaxacan Coyote</u>-Explore depicting animals from mexican folklore in a traditional art style through paint and various drawing materials.4. <u>Printmaking Sarapé</u>- kids can create beautiful patterns and learn printmaking techniques on a paper sarapé.5. <u>Maracas</u>-Make fun instruments out of plastic Easter eggs, plastic spoons, tape, rice, beans, and a touch of paint.6. <u>Mexican Sun Mirrors</u>- Depict sun motifs with paper plates, tin-foil, construction paper, and paint.7. <u>Papel-Picado</u>- Create fun and easy paper crafts of Latin origin.8. <u>Pueblo Painting</u>-depict rustic cultural architecture and scenery of Mexico with watercolor and colored pencil.

Week 4

6/27-7/1

All-American Road Trip

1. Texas: The Alamo- Kids create a diorama of famous standoff between Texas rangers and Mexican army out of various recycled materials and paint.
2. Neon Nashville Boulevard-Use construction paper, scissors, glue, sharpie and neon paint and glitter to create the glowing neon signs of Nashville
3. RV Road Trip-Kids can use watercolor paper, scissors, glue, watercolor and colored pencils to depict traveling with the family against a scenic landscape.
4. Statue of Liberty-Kids learn to draw the statue of liberty, and use sharpie, pastels, and scissors.
5. Pennsylvania Liberty Bell-Kids craft a United States symbol from Pennsylvania from recycled materials, pipe cleaners, and metallic paint.
6. Arizona Grand Canyon-kids create one of America's natural wonders, using layers of construction paper, colored pencils, and pastels.

Week 6

7/11-7/15

Animal Superpowers-

1. Viper Vision-Kids create paper-craft snakes, and decorate them with markers and sharpie, and googly eyes.
2. Pistol Shrimp-Depict a pistol shrimp creating their super-hot bubble attack out of colored pencils and sharpies, paper, and scissors.
3. Dragon Millipedes-craft cool looking millipedes from construction paper, pipe cleaners, tape, glue, and more.
4. Elephant Super Strength-show the strength of elephants' trunks by depicting them lifting heavy things with sharpie and pastels.
5. Electric Eel-Kids get to craft an eel from paper plates, construction paper, tape, glue, and acrylic paint.
6. Super-stick Geckos-Depict cute geckos with pen, watercolor, and colored pencil.
7. Cuttlefish-craft cute cuttlefish from cardboard, construction paper, markers, paint, string, and colored tissue paper.

Little Designer

1. Croquis Collection- Kids get to draw blank mannequins, and use various craft supplies to create different types of outfits. We will explore different types of casual and formal attire, creating a "collection."
2. T-Shirt Designer- Students use the template of a T-Shirt to create their own T-Shirt design using watercolor, sharpie and markers.
3. 4 Seasons-Students use a Croquis to create casual clothing for each season, using color palettes from each season to influence their decision-making.
4. Tie Dye T-Shirts- Kids get to create their own tie-dye t-shirt!
5. Paper Cup Hats-Kids get to explore some technical weaving of paper to create a paper-hat.
6. Jewelry Designer-Kids get to create jewelry such as rings, bracelets, and necklaces from string, assorted beads, rhinestones, glitter glue, and more.

The Secret Life of Pets

1. Cotton Ball Cat Portraits- Kids get to depict cute cats and kittens with construction paper, cotton balls, glue, paint and marker.
2. Paper Cup Horses-kids craft cute horses from various craft materials
3. Collage Dog Portraits-create cute dog and puppy portraits from newspaper, construction paper, marker and paint.
4. My Pet Fish-Kids use various craft materials, including glitter and metallic paint, to depict cute fish, and put them behind cellophane in a "fish bowl"
5. Paper-Craft Guinea Pig-Kids create a guinea pig from paper by drawing, outlining, painting, cutting out, and folding into a 3-D paper sculpture.
6. Pet Parakeets-Craft 4 parakeets from crayons, marker, sharpie, glue, and colored feathers. They can also make a pretty bird-enclosure/border around their project.

Week 7	7/18-7/22	<p><u>A Bug's Life</u></p> <ol style="list-style-type: none"> 1. <u>Bug Box Diorama</u>-Create a cute diorama of bugs in a habitat through cardboard, construction paper, tape, glue, scissors, markers and paint. 2. <u>Butterfly Board</u>-Kids use paper, sharpie, pastel, scissors, and tape to create a big beautiful butterfly, and mount it to black construction paper. 3. <u>Paper Machete Beetles</u>-Students will make cute beetles from balloons, paper, glue, water, paint, and pipe cleaners. 4. <u>Bug Jar</u>-Draw can color different bugs, and make a cute jar with a cellophane window to see the cute critters. 5. <u>Paper Plate Lady Bug</u>-Kids use paper plates, construction paper, paper fasteners, sharpie and paint to create a lady bug with articulated wings. 	<p><u>Arctic Adventure</u></p> <ol style="list-style-type: none"> 1. <u>Polar Habitat</u>-Kids can draw, color and cut different animals, and place them into cardboard boxes, creating an atmospheric scene of the arctic north. 2. <u>Northern Lights</u>- On black paper, students use acrylic paint to create star splatters, and pastel to create the aurora borealis. 3. <u>Marshmallow Igloo</u>-kids use mini-marshmallows, glue, cotton balls, toothpicks and other materials to create a miniature igloo. 4. <u>Snow Owl</u>- Students use acrylic paint and sharpie, watercolor paper and construction paper to create a feathery snow owl. 5. <u>Polar Bear Paw</u>-Using the silhouette of a polar-bear paw print, kids can create a colorful piece of art with watercolor, bear silhouettes, and pretty patterns. 6. <u>Iridescent Iceburg</u>- Kids use different iridescent and metallic paper against a watercolor seascape, and cut-out animals to create a majestic arctic scene.
Week 8	7/25-7/29	<p><u>Spiderman</u></p> <ol style="list-style-type: none"> 1. <u>Big Spider</u>-Use construction paper, pipe cleaners, tape, glue, and googly eyes to make a big spider. 2. <u>Spiderman Masks</u>-Kids use paint, elastic string, paper plates, and sharpie to create spiderman masks. 3. <u>Spider in the City</u>-Kids follow along and learn to draw a really cool depiction of Venom with various drawing materials. Separately, a cityscape is made from drawings of buildings layered together, and our spiderman is cut out and placed in the scene. 4. <u>Green Goblin Party Hat</u>-Kids use construction paper and craft supplies to create a party hat shaped to look like the green goblin. 5. <u>Construction Paper Venom</u>-The character Venom is made from layers of construction paper cut out and layered together, and embellished with drawing materials. 6. <u>Paper-Craft Web Shooter</u>-Kids learn to create a projectile that springs from rubber-band power, having a dart attached to string to emulate shooting webs. 	<p><u>Ratatouille</u></p> <ol style="list-style-type: none"> 1. <u>Remy Portraits</u>- students create an illustration of Remy cooking over a large pot using various drawing materials. 2. <u>Chef Hats</u>-Kids learn to make their own chef hat from paper, tape, and staples. 3. <u>Custom Aprons</u>-Kids get their own white apron, which gets colored and decorated with a variety of materials, and get to have their name on it! 4. <u>Construction Paper Pizza</u>-Make crust, sauce, cheese, and various toppings from construction paper and drawing materials, and assemble together just like a real pizza. 5. <u>Rooster Mosaic</u>-Using various rice and legumes, kids use the natural colors of the food, and glue them down to create a mosaic of a rooster. 6. <u>Big Burger</u>-Kids get to draw and color and cut out the ingredients on a big burger or a sub-sandwich, and make an exploded-view of everything in it. 7. <u>Banana Split</u>-assemble layers of construction paper and drawing materials into a banana split, but also use glitter glue, sparkles and more to really "top" off the project.

Week 9	8/1-8/5	<p><u>Despicable Me</u></p> <ol style="list-style-type: none"> 1. <u>Soda Bottle Minions</u>-Kids use paint, googly eyes, sharpies, ribbon and sharpie to make a big minion. 2. <u>Minion Goggles</u>-using a variety of craft materials, kids make a set of their own minion goggles. 3. <u>Draw Gru</u>- Kids get to draw and color Gru using various drawing materials. 4. <u>Shrink Ray</u>-kids use recycled materials like bottles and cardboard, along with tape and zip-ties, plus tape to create a sci-fi shrink ray gun. 5. <u>Articulated Grabber</u>-Kids get to explore their mad-scientist with a STEM style project, creating an articulated claw that can actually grab objects. 6. <u>Paper Minions</u>-by using construction paper and creating little tubes, kids create a series of silly and unique minions, embellishing them with craft and drawing materials. 	<p><u>PokéMon</u></p> <ol style="list-style-type: none"> 1. <u>Eeve Ears</u>-Kids use cardboard and construction paper, and glue to create different evolution types of Eevee that they can wear. 2. <u>Easy Origami</u>-Kids will get to create three original pokémon out of origami: Charmander, Bulbasaur, and Squirtle, and embellish them with drawing materials. 3. <u>Japanese Watercolor Salt Painting</u>-Kids draw aquatic pokémon on black paper, then glue table salt down in the shapes, then paint them with watercolor. 4. <u>DIY Japanese Book Binding</u>-Using cardboard, paper, twine, and a hole-puncher, kids get to learn to bind their own book. 5. <u>Paper Plate Pokeball</u>- Kids make a pokeball from paper plates, paper fasteners, paint and construction paper to hold other small crafts. 6. <u>Gym Badges</u>- using pencil, colored pencil, and sharpie, kids get to depict eight gym badges from the original Pokémon series.
<u>School- Materials:</u>	Scissors, <u>new white glue in fresh bottles</u> , clear scotch tape, masking tape, paper fasteners, staplers & staples, rubber bands, disposable chop sticks, various colored construction paper, black construction paper, plain white paper plates, various colored pipe cleaners, <u>googly eyes with adhesive</u> , <u>rhinestones with adhesive</u> , balloons, newspaper, clean sheets of cardboard, 8oz paper cups, hot glue, clean squeeze bottles, elastic band/string (for masks and hats), long cardboard tubes (2-3ft. In length), cotton balls, clear plastic Christmas tree ornaments, toothpicks, mini marshmallows, iridescent paper, various rice and beans of different colors, white kids aprons, white kids shirts, tie die.		
<u>Student- Materials:</u>	Multimedia Paper Pad, Pastels, Watercolors, Colored Pencils, Scissors, Sharpies, Markers.
